4. Industrial Alcohol - Exhibitors shall be responsible for all duties in Hong Kong and such items must be packed separately. The purchase invoice and List of Exhibits should reach Dragon Link Enterprises Ltd. at least seven (7) working days before cargo arrival in Hong Kong.

I. DANGEROUS CARGO

In case you have any goods that are classified as dangerous/hazardous cargo, three (3) copies of certified **IMCO** class certificate must be sent to Dragon Link Enterprises Ltd. along with other documents.

PACKING INSTRUCTIONS

It is recommended that whenever possible, exhibitor's material must be packed in cases and/or crates suitable for us to re-use for return shipments, if necessary. To protect goods against multiple handling during transit, it is recommended that contents be securely chocked, blocked and braced, please ensure that:

1. All exhibits packed in cases must be well covered and water proofed as your exhibits will be store in an open area before or after the exhibition.
2. All crates/cases should be bolted rather than screwed or nailed.
3. Stapled or "stitched-nailed" crates or cartons should not be used except for disposable goods.
4. If crates/cases cannot be slung, they should be mounted on skids to facilitate the handling with fork-lift trucks.
5. Exhibitor, at their discretion, may plan to exhibit equipment on "skid", as the floor may not always be completely level. The "skid" must, however, be suitably covered to preserve the overall presentation of the exhibition.
6. To minimize risk of loss, damage or delay, avoid shipping your exhibit in small packages.

****PACKING OF FROZEN AND CHILLED SEAFOOD**

Exhibitor who have frozen / chilled seafood for this event must be **packed into foam box** not into carton box, please also put the enough of gel ice instead of dry ice. Because some of the airline will recognize that dry ice is the dangerous cargo.

MARKING INSTRUCTIONS

All packages must show the following information:

CHINA FISHERIES & SEAFOOD EXPO 2010

Exhibitor's Name:	
Hall No.:	
Booth No.:	
Package	of
Gross Weight:	Kgs
Net Weight:	Kgs
Dimension:	LxWxH cms
Volume:	CBM
Country of Origin:	Made in

Please apply a minimum of two shipping labels per package and use only the metric system when stating dimensions and weight.

Special Markings

In addition to the above, markings should be shown on the sides of the crates/cases where applicable:

1. Label "FRAGILE" items on all sides.
2. Items that must be kept in upright position must be labeled "THIS SIDE UP" on two sides.
3. Items which cannot be stored outdoors must be marked with the umbrella symbol on two sides.
4. Stripes should be painted on vessel, tanks and similar equipment to indicate where slings must be placed for hoisting. Also label "SLING" in the proper locations.
5. Cases containing spare parts must be marked "SPARE PARTS" and contain only spare parts
6. "CENTRE OF GRAVITY" and "FRONT" "BACK" signs must be clearly marked externally for uneven loads and bulky items.
7. Other markings should conform to the International Rules and Regulations governing packing signs and symbols.

FUMIGATION

The law of Import and Export Animal and Plant Quarantine of the People's Republic of China went into **effect April 1, 1992**. This law requires that cargo interests or their agents must provide quarantine or fumigation certificates issued by the authorized agent of the exporting countries for the Chinese Animal and Plant Quarantine Office. This includes animal/plant products used for exhibition purposes and which include wooden packing materials, pallets, and containers with wooden bases. Known as "Quarantine objects", they are subject to inspection by the Quarantine Office at port of entry, and service charges will be incurred for such inspection and for any necessary fumigation treatment.

STORAGE OF FREIGHT

Exhibitors requiring their freight (as opposed to empty cases) stored during the exhibition are requested to notify Dragon Link Enterprises Ltd. as soon as possible, to allow them time to make special arrangements. Once stored, access to freight will be possible at certain times during the exhibition. This information will be published at a later date.

STORAGE OF EMPTY CASES

Empty packing case will be automatically removed, stored and returned to the booth at the close of the exhibition.

Every effort will be made to return empty cases to individual booths for packing at the close of exhibition, but priority will be assigned to exhibitors with hand-carried items.

INSURANCE

Every exhibitor should make certain that all shipments are covered by a full comprehensive policy from the time of dispatch from works to Dalian and return (including exhibition period), preferably through a company of which the People's Insurance Company of China is the agent in Dalian. It will be useful in case the exhibitor intends to claim for damages or loss in China. Exhibitors are free to use their own underwriters; otherwise, our company is able to arrange insurance coverage of exhibits from the point-of-origin to destination and vice-versa for re-export. Please let us know if this service is required.

RETURN OF EXHIBITS ETC. FOLLOWING THE CLOSE OF THE EXHIBITION

During the exhibition, you will be visited by a member of Dragon Link Enterprises Ltd.'s staff who will give you full instruction regarding the re-packing and shipment of your goods.

N.B. It is advisable to include a quantity of spare packing material (e.g. wrapping paper, plastic foil, etc.) in your original shipment to replace any that may be inadvertently destroyed during unpacking.

Preparation for return of shipments and exhibits will be arranged only after all customs clearance procedures are complete.

When planning further use of your exhibits and displays, please bear in mind that they will be arrived in Hong Kong *NOT EARLIER THAN* two months after the exhibition.

PAYMENT

A. For In-bound Movement

We will deliver the exhibits to Exhibitor's stand **ONLY** upon received full payment.

B. For Return Shipment

- i) Hong Kong Exhibits: payment should be settled before release of exhibits in Hong Kong.
- ii) Overseas Exhibits: Bill of Ladings will be released **ONLY** upon received of payment.
